

DECLARATION AND POWER OF ATTORNEY FOR PATENT APPLICATION

Docket No. 903.0011.U1(US)

As a below named inventor, I hereby declare that:

My residence, post office address and citizenship are as stated below next to my name.

I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is claimed and for which a patent is sought on the invention entitled:

METHOD FOR RENDERING SURFACE LAYER OF LIMITED PLAY DISK LIGHTFAST

the specification of which

(check one) ☐ is attached hereto.

☒ was filed on December 10, 2001 as Application Serial No. 10/016,103

☐ and/or that was amended on _____.

I hereby state that I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose to the U.S. Patent and Trademark Office all information known to me to be material to the patentability of this application as defined in Title 37, Code of Federal Regulations, §1.56.

I hereby claim foreign priority benefits under Title 35, United States Code, 119 of any foreign application(s) for patent or inventor's certificate(s) listed below and have also identified below any foreign application(s) for patent or inventor's certificate(s) having a filing date before that of the application on which priority is claimed:

Prior Foreign Application(s)

Priority Claimed

_____	_____	_____	Yes	No
(Number)	(Country)	(Day/Mon/Year Filed)		

_____	_____	_____	Yes	No
(Number)	(Country)	(Day/Mon/Year Filed)		

I hereby claim benefit under Title 35, United States Code, §120 of any United States application(s) listed below and, insofar as the subject matter of each of the claims of this application is not disclosed in the prior United States application in the manner provided by the first paragraph of Title 35, United States Code, §112, I acknowledge the duty to disclose material information as defined in Title 37, Code of Federal Regulations, §1.56(a) which occurred between the filing date of the prior application and the national or PCT international filing date of this application.

<u>60/254,610</u>	<u>December 11, 2000</u>	<u>Expired</u>
(Application Serial No.)	(Filing Date)	(Status)

POWER OF ATTORNEY: As a named inventor, I hereby appoint the attorneys and/or agents listed below to prosecute this application and transact all business in the Patent and Trademark Office connected therewith.

All Attorneys and/or Agents listed under **Customer Number: 29683**

including

WHEREAS, Flexplay Technologies, Inc., a Delaware Corporation, having a place of business at 274 Madison Avenue, Suite 1500, New York, NY, 10016 ("Flexplay"), which, together with its successors and assigns is hereafter called "ASSIGNEE," desires to acquire the entire right, title and interest in and to the above identified patents, patent applications, any patents which may be granted on said applications, or any divisional, continuation, continuation-in-part, reissue, reexamination, extension or other applications or patents based in whole or in part thereon, as well as all inventions and discoveries disclosed or claimed therein.

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN, be it known that for and in valuable and legally sufficient consideration furnished by ASSIGNEE, the receipt of which by the ASSIGNOR from the ASSIGNEE is hereby acknowledged, ASSIGNOR hereby, without reservations:

1. Assigns, transfers, and conveys to ASSIGNEE the entire right, title, and interest, throughout the world, in and to the patents, patent applications, inventions, and discoveries hereinabove identified; any and all other applications for Letters Patent(s) on said inventions and discoveries in whatsoever countries, including all divisional, renewal, substitute, continuation, continuation-in-part, reexamination and convention applications based in whole, or in part, upon said inventions and discoveries, or upon the above identified applications and patents, and any and all Letters Patent(s), reissues, renewals or extensions thereof as may be granted, and every

priority right that is or may be predicated upon, or arise from, said inventions, said discoveries, said applications, and said Letters Patent(s); to have and to hold for the sole and exclusive use and benefit of the ASSIGNEE, its successors and assigns, to the full end of the term or terms of said patents, including the right to recover for past damages;

2. Authorizes and requests the Commissioner of Patents and Trademarks of the United States of America and the empowered officials of all other governments throughout the world to issue or transfer all said Letters Patent(s) to ASSIGNEE, as ASSIGNEE of the entire right, title, and interest therein or otherwise as ASSIGNEE may direct;

3. Warrants that it has not knowingly conveyed to others any right in said inventions, discoveries, applications, or patents, or any license to use the same, or make, use, or sell anything embodying or utilizing any of said inventions or discoveries; and that it has good right to assign the same to ASSIGNEE without encumbrance;

4. Covenants and agrees, for itself and its heirs, legal representatives and assigns, to do upon ASSIGNEE's request and at ASSIGNEE's expense, but without additional consideration to ASSIGNOR, all acts reasonably serving to assure that said inventions and discoveries, said patent applications, and said Letters Patent(s) shall be held and enjoyed by ASSIGNEE as fully and entirely as the same could have been held and enjoyed by ASSIGNOR, its heirs, legal representatives, and assigns if this Assignment had not been made; and particularly to execute and deliver to ASSIGNEE all lawful application documents including petitions, specifications, and oaths, and all assignments, disclaimers, and lawful affidavits in form and substance as may be requested by ASSIGNEE; and to communicate to ASSIGNEE all facts known to us relating to said inventions and discoveries or the history thereof, and to testify

as to the same in any court or proceeding; and to furnish ASSIGNEE any and all documents, photographs, models, samples, and other physical exhibits in ASSIGNORS control or in the control of its employees, heirs, legal representatives, or assigns which may be useful for establishing the facts of conceptions, disclosures, and reduction to practice of said inventions and discoveries.

5. Covenants and agrees to assist the ASSIGNEE in the making and prosecution of any reissue applications for Letters Patent that the ASSIGNEE may elect to make covering the inventions herein identified; in vesting in the ASSIGNEE like exclusive title in and to all such other applications and Letters Patent; and in the prosecution of any interference which may arise involving any of the above-identified inventions or patents; and that ASSIGNOR will execute and deliver to the ASSIGNEE any and all additional parts which may be requested by the ASSIGNEE to fully carry out the terms of this assignment.

This assignment is made as of the 10 day of January, 2003.

WHEREAS, Flexplay Technologies, Inc., a Delaware Corporation, having a place of business at 274 Madison Avenue, Suite 1500, New York, NY, 10016 ("Flexplay"), which, together with its successors and assigns is hereafter called "ASSIGNEE," desires to acquire the entire right, title and interest in and to the above identified patents, patent applications, any patents which may be granted on said applications, or any divisional, continuation, continuation-in-part, reissue, reexamination, extension or other applications or patents based in whole or in part thereon, as well as all inventions and discoveries disclosed or claimed therein.

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN, be it known that for and in valuable and legally sufficient consideration furnished by ASSIGNEE, the receipt of which by the ASSIGNOR from the ASSIGNEE is hereby acknowledged, ASSIGNOR hereby, without reservations:

1. Assigns, transfers, and conveys to ASSIGNEE the entire right, title, and interest, throughout the world, in and to the patents, patent applications, inventions, and discoveries hereinabove identified, any and all other applications for Letters Patent(s) on said inventions and discoveries in whatsoever countries, including all divisional, renewal, substitute, continuation, continuation-in-part, reexamination and convention applications based in whole, or in part, upon said inventions and discoveries, or upon the above identified applications and patents, and any and all Letters Patent(s), reissues, renewals or extensions thereof as may be granted, and every

priority right that is or may be predicated upon, or arise from, said inventions, said discoveries, said applications, and said Letters Patent(s); to have and to hold for the sole and exclusive use and benefit of the ASSIGNEE, its successors and assigns, to the full end of the term or terms of said patents, including the right to recover for past damages;

2. Authorizes and requests the Commissioner of Patents and Trademarks of the United States of America and the empowered officials of all other governments throughout the world to issue or transfer all said Letters Patent(s) to ASSIGNEE, as ASSIGNEE of the entire right, title, and interest therein or otherwise as ASSIGNEE may direct;

3. Warrants that it has not knowingly conveyed to others any right in said inventions, discoveries, applications, or patents, or any license to use the same, or make, use, or sell anything embodying or utilizing any of said inventions or discoveries; and that it has good right to assign the same to ASSIGNEE without encumbrance;

4. Covenants and agrees, for itself and its heirs, legal representatives and assigns, to do upon ASSIGNEE's request and at ASSIGNEE's expense, but without additional consideration to ASSIGNOR, all acts reasonably serving to assure that said inventions and discoveries, said patent applications, and said Letters Patent(s) shall be held and enjoyed by ASSIGNEE as fully and entirely as the same could have been held and enjoyed by ASSIGNOR, its heirs, legal representatives, and assigns if this Assignment had not been made; and particularly to execute and deliver to ASSIGNEE all lawful application documents including petitions, specifications, and oaths, and all assignments, disclaimers, and lawful affidavits in form and substance as may be requested by ASSIGNEE; and to communicate to ASSIGNEE all facts known to us relating to said inventions and discoveries or the history thereof, and to testify

as to the same in any court or proceeding; and to furnish ASSIGNEE any and all documents, photographs, models, samples, and other physical exhibits in ASSIGNORS control or in the control of its employees, heirs, legal representatives, or assigns which may be useful for establishing the facts of conceptions, disclosures, and reduction to practice of said inventions and discoveries.

5. Covenants and agrees to assist the ASSIGNEE in the making and prosecution of any reissue applications for Letters Patent that the ASSIGNEE may elect to make covering the inventions herein identified; in vesting in the ASSIGNEE like exclusive title in and to all such other applications and Letters Patent; and in the prosecution of any interference which may arise involving any of the above-identified inventions or patents; and that ASSIGNOR will execute and deliver to the ASSIGNEE any and all additional parts which may be requested by the ASSIGNEE to fully carry out the terms of this assignment.

This assignment is made as of the 10 day of January, 2003.
